Sorry, due to my on-going and maddening computer issues, it hadn't spit out the last series of your emails, so sorry for the document sending redundancy. Looks like Lori already got you the Coquille one. Please note on that one, that while he says he is not representing the Tribe's stance, just his own, the man who sent the letter is their environmental program director. He is staff of the Tribe, but that doesn't mean he is a Tribal member. I just want to make sure that distinction is made if it comes up. Thx.

I'm having computer issues, so need to reboot before I can send the Coquille ones. For completeness, here are the ODEQ, CBD and Oregon Wild letters. Note ODEQ's has comments about a bunch of other things, which we're also responding to, and that the CBD letter references a disk they sent. It has over 140 articles and some pH data that falls

within the WQS. Those would be more of a pain to send, but let me know if you want them. I'll send the Coquille in a minute.

Could you send Steve and me the comment letters from the State and the Coquille Tribe?

Hi Tom,

They weren't on the Sharepoint, they were on my OneDrive, so I think it wouldn't let you access them unless I shared them with you. Try now and see if that fixed it.

Just fyi, Cheryl Brown, at ORD, has an edit for the briefing doc, but it more in citation, not substance. Thx.

Lori,

You may need to re-send these as local copies. I'm unable to access the Sharepoint versions. And when I tried to send you an access request, it got bounced back as undeliverable. Maybe Steve is having more success.

Thanks,
Tom
